Supplemental Questionnaire

Please describe your experience, education, and/or training in each of the following areas. Your responses to the Supplemental Questionnaire weigh very heavily in the final process by the hiring team. Please be as detailed as possible in answering these questions.

1. Describe your experience supervising others in a library or public services agency. Include ways you have solved problems and methods you feel work best to foster a team environment.
2. How would you ensure positive community relations? Provide examples of how you have interacted with community agencies in an official capacity.
3. Give details about your education, training, or experience in serving a diverse community.
4. Provide information that covers how you have worked with boards to meet the needs of the public.
5. Describe your experience developing and administering budgets.
